

# Appendix D: Soils & Geology (including Contaminated Land)

Appendix D Table 1: Summary of the landfill sites and predominant landfill material within the study area identified during the GI surveys or the type of waste each site was licenced to receive, according to Environment Agency record.

This Page has been intentionally left blank.

**Appendix Table 1: Summary of the landfill sites and predominant landfill material within the study area identified during the GI surveys or the type of waste each site was licenced to receive, according to Environment Agency record.**

Location	Site	Type of landfill site	Landfill material
Channel Section 1	Welley Road	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert, industrial and commercial waste.
	Kingsmead Quarry	Historic landfill	- Undifferentiated landfill - Construction and demolition waste
	Station Road	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert, industrial, commercial and household waste.
	Wraysbury Landfill Site	Authorised landfill	- Undifferentiated landfill - Construction and demolition waste - Domestic Waste (including medical waste)
	Hythe End Farm Landfill, Feathers Lane and Hythe End Road (1) <sup>1</sup>	Authorised, historic and historic landfills respectively	- Undifferentiated landfill - Construction and demolition waste
	Eton Rural District Council Horton Lagoons Landfill	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert, industrial, waste with hazardous properties and liquid / sludge waste.
	Poyle Manor South	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert, industrial, commercial, household, waste with hazardous properties and liquid / sludge waste.
Channel Section 2	Royal Hythe Farm	Historic landfill	- Undifferentiated landfill - Construction and demolition waste
	Green Lane Pit	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
	Norlands Lane	Authorised landfill	- Undifferentiated landfill - Construction and demolition waste
	Elmcott and Coldharbour	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
	Coldharbour Lane Landfill	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
	Chertsey Lane	Historic landfill	- Undifferentiated landfill - Construction and demolition waste
	Twynersh Farm	Historic landfill	No GI survey undertaken. Environment Agency records do not include information on the type of waste received.
	Mixnams Lane Site No. 1	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.

<sup>1</sup> In some locations authorised landfill sites overlay historic landfill sites. See Figure SW-DR-V-00045 for further information.

Location	Site	Type of landfill site	Landfill material
	Mixnams Lane Site No. 2	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
Channel Section 3	Bretts Landscaping Ltd	Authorised landfill	- Undifferentiated landfill - Construction and demolition waste
	Home Farm Extension Landfill Site	Authorised landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
	Littleton Lane	Historic landfill	- Construction and demolition waste
	Lavenders	Historic landfill	No GI survey undertaken for most of the site. Environment Agency records do not include information on the type of waste received. GI undertaken in the south eastern corner identified: - Undifferentiated landfill - Construction and demolition waste
	Sheepwalk and Chertsey Road Tip <sup>1</sup>	Both historic landfill	- Undifferentiated landfill - Construction and demolition waste
	Pool End Lake	Historic landfill	- Undifferentiated landfill
	Manor Farm	Authorised landfill	- Undifferentiated landfill - Construction and demolition waste
	Old Sheepwalk	Authorised landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive 'other waste', an example could be dredgings from waterways.
	Halliford Mere	Authorised landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive 'other waste', an example could be dredgings from waterways.
	Shepperton Ranges	Historic landfill	- Undifferentiated landfill - Construction and demolition waste
	The Margins	Historic landfill	- Undifferentiated landfill - Construction and demolition waste
	Desborough Island	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive commercial waste.
Sunbury, Molesey and Teddington Weirs	Land adjoining Leisure Centre	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert, industrial, commercial household, special and liquids/sludge waste.
	Hurst Road	Historic landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive inert waste.
	Apps Court Farm	Authorised landfill	No GI survey undertaken. Environment Agency records state the site was licenced to receive 'other waste', an example could be dredgings from waterways.
	Broom Road Recreation Ground	Historic landfill	No GI survey undertaken. Environment Agency records do not include information on the type of waste received.
Ham Lands	The site is known to have been excavated and subsequently infilled with varied material. There are no Environment Agency records on the type of waste received or any GI information.
