Leader's Question Time – Kew

Date: Thursday 30 November 2017 Time: 6pm – 8.45pm Venue: Our Lady of Loreto and St Winefride

Panel members:

- Professor Roger Mason (Chair)
- Cllr Paul Hodgins (Leader of the Council)
- Cllr Pamela Fleming (Deputy Leader Cabinet Member for Environment, Business and Community)
- Cllr Martin Seymour (Cabinet Member for Planning and Strategic Development)
- Cllr Peter Buckwell (Cabinet Member for Highways and Streetscene)
- Cllr David Linnette (Cabinet Member for Culture, Sport and the Voluntary Sector / Kew Ward)

Councillors also in attendance:

- Cllr Meena Bond (Kew Ward / Mental Health Champion)
- Cllr Monica Horner (Kew Ward)
- Cllr Stephen Speak (Strategic Cabinet Member for Finance and Performance)
- Cllr Gareth Elliott (Cabinet Member for Digital Technology)

Council Officers in attendance:

- Steve Diamond (Economic Development)
- Ishbel Murray (Environment and Community Services)
- David Noakes (Community Safety)
- Lynette Lawson-Tyers (Community Links)
- Harriet Steele (Village Planning)

Pre-submitted Questions:

Question 1	Claudine McCreadie - In the light of the recent report for Richmond Parish Lands Charity 'On the Edge', what action is taking
	place in Kew to promote more effective collaboration between funders, local residents, businesses and statutory, voluntary and
	community sectors to address increasing need, particularly among older people, carers, people with mental health issues and
	children with special needs?
Response	Response and supplementary questions from 00:15:02 to 00:28:03.
Actions to	Cllr Linnette offered the resident a meeting with the voluntary sector support team to discuss this further if that would be helpful.
be taken	
Question 2	Derek Stanton - Pavement and inconsiderate parking is causing restricted road width in Broomfield Road. Recently a fire engine
	could barely squeeze through to visit one of the houses. What does a single yellow line mean?
Response	Response from 00:29:51 to 00:32:12.
Actions to	The Council will look at what more we can be done to improve access.
be taken	
Question 3	John O'Sullivan - Station Avenue, which includes the Kew Scout Group where we have been located since 1928, appears to have
	been omitted from the Kew Gardens (Station) Conservation Area map. Could you rectify this omission?
	Station Avenue serves as a pedestrian access to Blake Mews (included in the plan) from the station. It has four businesses
	accessing into it, two residential apartments and the scout hall all of which serves to enhance the Kew Scout Group's claim to be
	marked and included.
Response	Response and supplementary comment from 00:34:13 to 00:36:00.
Actions to	Cllr Fleming will check the plans again to ensure they are correct.
be taken	
Question 4	Kew is a triangle bound by three main arterial roads to two bridge pinch points.
	The options for residents are very limited and bridge traffic impacts us enormously, in particular Kew Bridge.
	Given that TFL and Hounslow council are making decisions which arguably have a greater impact on Kew and South West London
	than the residents north of Kew Bridge, shouldn't we be strongly represented by Richmond Council?
	I am talking in particular about the decision to allow Brentford Football Club to develop a site between Kew Bridge and Chiswick

	roundabout plus the new plan for Super cycle highway no 9 which is routed through Wellesley Rd (which means we lose an important way home) into the north circular on the other side of the bridge and across to Brentford. This will make Kew bridge
	to the roundabout even more congested. The consequences will be felt not only by Kew but a huge area of Surrey.
	I am especially concerned for games, conferences and concerts at the new stadium. We have the example of Twickenham Rugby events to show how traffic is affected.
Response	Response and supplementary questions from 00:37:25 to 00:51:17.
Actions to be taken	 Cllr Fleming will find out who from the council will be attending the new planning application meeting in Hounslow on 8 December. The Council will continue to push against this.
Question 5	Jack Andrews - Can we assume that tonight's panel have had the opportunity to read all the comments submitted by residents and tradesmen in response to the proposed improvements to the station forecourt at Kew Gardens?
Response	Response from 00:51:52 to 00:53:17.
Actions to	 The plan appears to omit Leighton Park entirely - Cllr Buckwell will take the details of the resident and will respond to
be taken	him directly.
Question 6	Richard Ward - Is the Council currently looking at better signage to Kew Gardens in the Kew Plaza (East) side of the Station; together with better parking provision for cyclists who currently lock bicycles on many items of street furniture here? Which local groups are involved?
Response	Response from 00:54:23 to 00:56:40.
Actions to be taken	 Cllr Buckwell asked for people to let Councillors know if there are any areas around Kew Gardens station where they would like cycle parking to be installed and we can look into implementing this.
Question 7	Robert Guy - In some parts of Kew, mobile phone reception is very poor or even non-existent. What steps could the Council take to help overcome this problem?
Response	Response from 00:57:57 to 01:03:23.
Actions to be taken	Cllr Elliot will look to try and compare coverage from providers with residents' experience and then discuss this with mobile operators. He will also look at how the digital strategy can enable this.
Question 8	Sarah Hird - As you know from a recent petition calling for a 20mph limit of West Park Rd, Beechwood Ave, Burlington Ave, and

	North Rd around the station, was submitted to our local councillors and the relevant council officers. Overwhelmingly 80% of
	total households felt that the traffic speed in these roads was unacceptable and dangerous. The response from the council after
	their week long traffic survey felt there was no problem as there had only been one accident in the last five years. We would like
	to ask how many accidents or fatalities before the views and feelings of the 80% would be taken into consideration?
Response	Response from 01:05:09 to 01:10:24.
Actions to	 Councillors are looking at whether a 20pmh Borough wide speed limit could be introduced.
be taken	
Question 9	Brain Staveley - When is Kew Gardens station, which serves a World Heritage site, going to get a lift for wheelchair users and
	parents with prams? No one concerned between TfL, Richmond Council and other stakeholders, seem to have any interest or
	resolve to tackle this issue.
Response	Response and supplementary questions from 01:11:50 to 01:16:41.
Actions to	• The Council will liaise with TfL and Network Rail to remove the step-free access label and will also look into the possibility
be taken	of adding lifts.

Open Questions from the floor:

Question	Brendon Corfield - Building control & Kew Peninsula – the Mayor is relaxing building plans, at the moment we have no control
10	over basement buildings, yet it is dangerous for this to happen in Kew due to the very soft, silt land.
Response	Response from 01:18:58 to 01:20:47.
Action to	No action to be taken.
be taken	
Question	Caroline Bronfield - We have a very small Tesco's and the sizes of their vehicles are massive! (18 wheels)
11	
Response	Response and supplementary questions and comments from 01:21:30 to 01:30:42.
Action to	Councillors will take a look at this case.
be taken	
Question	Robin Jarrett - We currently have excellent once a week rubbish collections – will you introduce plans for fortnightly collections?
12	
Response	Response from 01:30:54 to 01:31:16.

Detaken Question Steve Archer from Royston Court - Traffic management at Victoria Gate Kew Gardens: there are a considerable number of who stop on double yellows etc. waiting to collect Kew Gardens visitors, keeping engines running, it was very bad this sur Coaches stop in the bus stop causing the bus drivers to hoot horns all day long etc. Response Response and supplementary comments/question from 01:34:37 to 01:39:00. Action to be taken Question Action to be taken Clir Buckwell will get an update from officers on whether Gloucester Road is to be included in the CPZ.	Action to	No action to be taken.
who stop on double yellows etc. waiting to collect Kew Gardens visitors, keeping engines running, it was very bad this sur Coaches stop in the bus stop causing the bus drivers to hoot horns all day long etc. Response Response and supplementary comments/question from 01:34:37 to 01:39:00. • The Council are engaging in discussions with Kew Gardens concerning this issue. • The Council are engaging in discussions with Kew Gardens concerning this issue. • The Council are engaging in discussions with Kew Gardens concerning this issue. • Charles Dixon - Will BT provide a better broadband service in Kew? 14 Response Response and supplementary comments from 01:39:19 to 01:41:27. • ClIr Elliot will look into this. • ClIr Elliot will look into this. • ClIr Elliot will look into this. • ClIr Speak, you say that you will be receiving parking improvement funding from Hounslow? Question	Regarding Gloucester Road – If you drive around the South Circular, we have a recent problem, we have four access roads from
21	the South Circular: we have Gloucester Road, Cambridge Road, Kent Road and Kew Green, and what's happened in the last
	couple of years is that the Sat Navs are now directing people off the South Circular down Gloucester Road, round the Green and
	then turning right by the zebra crossing at the bridge. I just wondered how the Council have thought about giving any protection
	to roads that feed off the South Circular.
Response	Response and supplementary question from 01:57:38 to 02:01:27.
Action to	 A scheme is being looked at across London to map suitable lorry and HGV routes for the Sat Nav companies. Scheme
be taken	must be self-managing and can be problematic for refuse collection and other large vehicles.
Question	Andrew Brown, Forest Road – We have voted twice against a CPZ in our area, the problem is they are all our own cars and
22	they're getting bigger! Can we have a 6.6ft vehicle restriction – self-enforcing? On the plus side, congested roads slow people
	down!
Response	Supplementary comments from 02:03:43 to 02:05:22.
Action to	Councillors will look into this further.

Question	Ian Mulligan – this question is for Councillor Fleming. Can you renegotiate the paper and cardboard refuse box collection, so that
23	they cardboard boxes that don't fit in the blue boxes? Because on Monday afternoons, east of the railway, and Tuesday
	afternoons, west of the railway, we see the upturned blue boxes being emptied and the cardboard cartons that haven't been
	collected.
Response	Response from 02:05:55 to 02:06:12.
Action to	Cllr Fleming will take this up with our contractors.
