

Twickenham Rediscovered Configuration of the Site Workshop Feedback

Thursday 15th September 2016

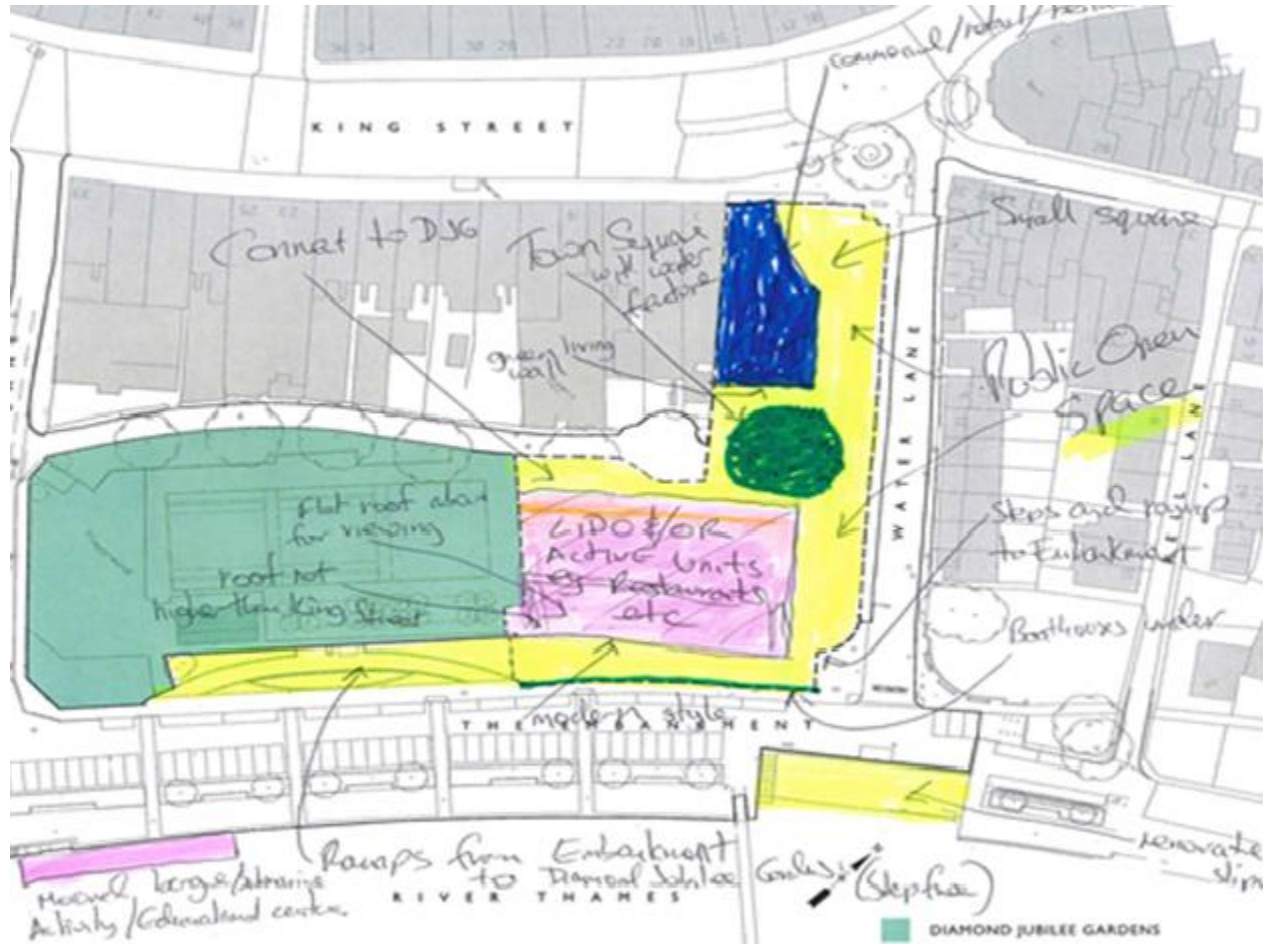

Points – from individual maps

- Public space / town square towards the River / next to Diamond Jubilee Gardens
- Open / improve access to Diamond Jubilee Gardens from the new site
- Commercial building (retail / residential / etc.) the King Street end of Water Lane
- Widen the pedestrian route down Water Lane to the River
- Some open space where King Street meets Water Lane
- Steps up to the new site – either from the corner at the bottom of Water Lane or half way up
- Riverside restaurant / café (at the end of the development site)
- Viewing platform / river terrace
- Several buildings not one
- Building heights lower towards the River
- Arches in the new building design
- Water feature(s)
- Boat houses / boat hire (build under Diamond Jubilee Gardens / the new site – for boathouses etc.)
- Something at the bottom of Wharf Lane
- Eel Pie museum
- Open space / event space
- Keep service road connected to Water Lane
- Leave trees on the service road and plant new trees
- Affordable housing / sheltered housing
