

I would like to draw your attention to the Common Ground that exists between various groups in support of the SA17 site allocation description and OOLTI and OSNI designations as proposed in Richmond Council's Local Plan. The other groups who share our support of the description and designations include but not limited to:

- The designated Ham & Petersham Neighbour Forum
- Historic England
- Martingales Close Residents' Association
- The Georgian Society
- Richmond Council

These have communicated their support through comments on the Local Plan, the draft Neighbourhood plan as well as comments on the ongoing planning applications on the site.

Please take into account this Common Ground when considering any suggested changes to the plan.

Regards Geoff Bond

Chair Ham & Petersham Association
