Footnotes:

n/a – not applicable; numbers have been rounded.

Commentary:

The level of annual CIL receipts can fluctuate significantly, particularly when instalments are paid in relation to commencement of larger developments. By 2018/19, the fifth year of operation, nearly £12.5 million CIL had been collected in total.

Reflecting the fact that CIL can only be spent directly on infrastructure once it has been collected and cannot be used to pay off loans, allocation and spend of CIL began in 2017/18, with over £8.4 million strategic CIL spent on key projects to deliver infrastructure in the borough. A further £623,379 was spent on neighbourhood projects to the end of 2018/19, with £511,879 allocated from Rounds 1 and 2 of the Community Development Fund.
