

Coronavirus (COVID-19) Update from Cllr Gareth Roberts 23 July 2020

Hello, from the 24 July you will be required to wear a face mask or covering when you're in the supermarket or a shop and of course you are already required to wear a face mask or covering when you're travelling by public transport. Now, if you're out and about and you're using a mask, then wearing it like that, helps nobody at all. Similarly, that is not wearing it properly. So, make sure your nose and mouth are covered. Remember, you're wearing a mask to protect others. So, please when you're out and about, shops, public transport, supermarkets; make sure you're wearing a mask to protect everybody and to protect the NHS. Thank you.
