

LONDON BOROUGH OF RICHMOND UPON THAMES

PLAYING PITCH STRATEGY

Action Plan Update

January 2022

Purpose of this document

This document relates to, and should be read in conjunction with, [the London Borough of Richmond upon Thames Playing Pitch Strategy \(PPS\)](#), which was developed for the Council by Knight, Kavanagh & Page (KKP) and published in March 2018.

Monitoring and updating the PPS forms an important part of the planning process, with guidance from Sport England recommending that the actions identified within the Strategy are reviewed on an annual basis. In light of this, the Council participated in a ‘Stage E’ meeting in January 2021 and June 2021 with representatives of Sport England, Sport Richmond, the England and Wales Cricket Board (ECB), England Hockey, the Football Association (FA), the Football Foundation (FF), the Lawn Tennis Association (LTA), and the Rugby Football Union (RFU). The intention of these meeting was to monitor the delivery of the recommendations and action plan identified in the PPS, and to highlight emergent issues and opportunities. The meetings were not intended to review the overarching strategic recommendations identified within Part 5 of the PPS, which are considered to remain applicable and relevant.

Guide to using this document

The site by site action plans identified within ‘Part 6’ of the PPS have been replicated in the tables below, each of which covers one of the three study areas utilised in the original assessment study (Hampton & Teddington; Richmond; and Twickenham). For reference, these tables are identified on pages 45-51, 54-59, and 62-65 of the PPS, respectively.

In addition, three further columns have been included, recording the ‘actions taken’ and the ‘issues raised’. These relate to items emerging from the ‘Stage E’ meetings identified in the section above. Where new material has been added – and/or existing actions, information or recommendations have been affected – the relevant box has been highlighted using a light orange fill for actions raised in June 2021, a light green for actions raised in January 2022 and a grey fill for issues raised June/January 2021/2022. This is intended to aid users to easily identify where new information has been provided as part of the monitoring process.

Explanatory text regarding various heading and categories identified within the table is included on pages 40-42 of the original document, however for convenience this is also replicated in Appendix 1.

Caveats

Please note, due to the unprecedented impacts caused by Covid-19, the update to the PPS Action Plan has previously been delayed. This document reflects a snapshot of information gathered in June 2021 and January 2022; however the global pandemic may have resulted in diverting resources into other priorities including funding and support and will likely continue to do so. Due to changing restrictions, the status of many clubs is unknown simply as they have followed guidance and have not been able to operate. As such the identified actions and recommendations should not be taken as confirmation of particular directions especially with regard to funding. Priorities do change over time, and so other projects that are not identified below may also come forward.

Due to resource constraints, other than when it was raised on a site-specific basis, a review of the demand and supply that informed the Council’s Playing Pitch Assessment has not been included as part of this monitoring exercise.

Further information

If you would like further information regarding this document, please contact the Richmond Local Plan Team (LocalPlan@richmond.gov.uk).

		Rugby Union		Two standard quality senior pitches. Each pitch is overplayed by 1.5 match equivalent sessions per week. Teddington RFC leases the pitches on a ten year licence agreement. This provides limited security tenure.	Improve the quality of the pitches through an enhanced maintenance in order to alleviate overplay.		Now also hosting Harlequins Amateur RFC – 2 full size pitches over marked during winter season. Potential for GMA visit to support any additional pitch maintenance required.	Udney Park earmarked as potential solution for overplay – monitor situation. Teddington RFC floodlit training is still taking place at Udney Park until further notice. 2 additional pitches at Hampton Wick CC to accommodate Harlequins Amateurs RFC.	RFU Royal Parks		S	L	
					Explore the feasibility of secure tenure for Teddington RFC through negotiation of a long term lease.						S	L	
10	Carlisle Park	Cricket	Council	One standard quality square with eight grass wickets and an NTP. Spare capacity of one match equivalent session at peak time. Pavilion restrictions impair use.	Review quality issues in an attempt to improve quality to good and seek resolution to pavilion access issues.	New non-turf net practice facilities proposed at the park - to replace those currently out of use due to poor quality			ECB	Key Centre	S	L	Protect Enhance
					Explore the feasibility of investment into non-turf net practice facilities.								
		Football		Two youth 9v9 and two mini 7v7 pitches all of which are poor quality (as per PQS rating from RPA visit). The adult pitch has actual spare capacity of one match equivalent session at peak time whereas the youth 9v9 and mini 7v7 pitches each have spare capacity of two match equivalent sessions.	Improve quality through an appropriate maintenance regime.				FA		L	L	
					There is no longer any spare capacity.						S	L	
		Tennis		Three Two good quality and five four poor quality macadam courts.	Sustain quality of the good quality courts and look to improve poor quality courts.				LTA		L	L	
					Maintain LTA's access system						S	L	
		Bowls		One good quality green used by Hampton Bowling Club.	Sustain green quality and retain for current use.				Bowls England		L	L	

Site ID	Site	Sport	Management	Current status	Recommended actions	Actions taken (Jun 2021)	Actions taken (Jan 2022)	Issues raised (Jun 21/ Jan 22)	Partners	Site hierarchy tier	Timescales ¹	Cost ²	Aim
12	Clarendon School	Football	School	One standard quality adult pitch which is available for community use but currently unused. Spare capacity discounted due to unsecure tenure.	Ensure any future use of the pitch is supported by a community use agreement.				FA School	Local Site	L	L	Protect
18	Hampton and Richmond Borough Football Club	Football	Club	One floodlit good quality adult pitch which has spare capacity of 0.5 match equivalent sessions at peak time. Club plays at Step 2 in the football pyramid.	Sustain pitch quality through appropriate maintenance.				FA Club	Local Site	L	L	Protect
					Ensure ancillary facilities and playing provision is suitable for the Club to progress through the football pyramid.			S			L / M		
19	Hatherop Park	Football	Council	One youth 11v11, one youth 9v9, one mini 7v7 and one mini 5v5 pitch. The mini 7v7 pitch is good quality with all remaining pitches standard quality. The mini 5v5 pitch has spare capacity at peak time equating to 0.5 match equivalent sessions, whilst remaining pitches are played to capacity at peak time.	Sustain good quality pitches through appropriate maintenance and seek to improve standard quality pitches.				FA	Local Site	L	L	Protect Enhance
20	Hampton Rangers Juniors Football Club	3G	Club	Two small sized floodlit 3G pitches which are both available for community use.	Retain pitches for recreational use.				FA Club	Local site	S	L	Protect
21	Hampton School	Cricket	School	Five grass cricket squares and a standalone NTP. Of the grass cricket squares, four are good quality and one is standard quality. Three of the good quality squares contain seven grass wickets, whereas the remaining good quality square contains five grass wickets. The standard quality square has four grass wickets. All squares are played to capacity at peak time.	Sustain good quality squares through appropriate maintenance.				ECB School	Key Centre	L	L	Protect Enhance
					Ensure community users are provided with community use agreements for security of tenure.						S	L	
		Football		Three good quality adult pitches. Spare capacity discounted due to unsecure tenure.	Sustain pitch quality through an appropriate maintenance regime.				FA School		L	L	
				Rugby Union	Three standard quality senior pitches that are played to capacity.	Sustain quality of pitches through appropriate maintenance.			RFU School		L	L	
		Ensure any additional demand is accommodated for on pitches with spare capacity, or improve quality to increase the capacity on these pitches.						S			L		
		3G AGP		One good quality full size floodlit 3G pitch which is available for community use however only for 18 hours a week. The	Sustain quality.				FA School		L	L	
Ensure pitch remains on the FA register through testing every three years.						S	L						

Site ID	Site	Sport	Management	Current status	Recommended actions	Actions taken (Jun 2021)	Actions taken (Jan 2022)	Issues raised (Jun 21/ Jan 22)	Partners	Site hierarchy tier	Timescales ¹	Cost ²	Aim
				surface is FA certified to host competitive matches and was installed in 2016.	Explore options to increase midweek availability to meet training demand.						S	L	
					Ensure a sinking fund is in place for eventual refurbishment.						S	L	
		Tennis		Three floodlit tennis courts assessed as good quality.	Sustain quality.				LTA School		L	L	
22	Hampton Sport and Fitness Centre	3G AGP	Council	One good quality full size floodlit 3G pitch which is available for community use. The surface is FA certified and World Rugby compliant and was installed in 2016.	Sustain quality.	RFU – Tested 18/01/2021 (Valid for 2 years) FA – Tested 28/09/2019 (Valid for 3 Seasons)			FA RFU School	Key Centre	L	L	Protect
					Ensure pitch remains on the FA register through testing every three years and World Rugby compliant through testing every two years.						L	L	
					Ensure a sinking fund is in place for eventual refurbishment.						L	L	
		Tennis		There is a MUGA on site with provision for three courts. This is floodlit.	n/a				LTA	n/a	n/a		
26	Udney Park Playing Fields (Previously Imperial College)	Cricket	Private	Two standard quality squares, one with 14 wickets and one with eight wickets and an NTP. Currently unused. Spare capacity is discounted due to unsecure tenure. Site has recently been sold to a private company Quantum Group which has aspirations to develop the site and a planning application is expected.	Review quality issues in an attempt to improve quality to good.	The NGBs are working together and with a community applicant to develop a community bid.		The owners of Udney Park Playing Fields have notified the Local Authority of their intention to dispose of the asset.	ECB	Key Centre	L	L	Protect Provide
					Mitigate any potential loss of provision with equal or better quantity and quality.							S	
		Football		Two adult and two mini 7v7 pitches all of good quality. Available for community use; however, exact current usage is unknown and requires further exploration (Stage E update required). Spare capacity is discounted due to unsecure tenure. Site has recently been sold to a private company Quantum Group which has aspirations to develop the site and a planning application is expected.	Sustain quality through appropriate maintenance.			FA	L		L		
				Mitigate any potential loss of provision with equal or better quantity and quality.			S		M-H				
		Rugby Union		Two poor quality senior pitches. Currently unused. Spare capacity is discounted due	Sustain quality through appropriate maintenance.			RFU	L		L		

Site ID	Site	Sport	Management	Current status	Recommended actions	Actions taken (Jun 2021)	Actions taken (Jan 2022)	Issues raised (Jun 21/ Jan 22)	Partners	Site hierarchy tier	Timescales ¹	Cost ²	Aim
				to unsecure tenure. Site has recently been sold to a private company Quantum Group which has aspirations to develop the site and a planning application is expected.	Mitigate any potential loss of provision with equal or better quantity and quality.			May have provided capacity solution for Thamesians RFC and Teddington RFC – monitor situation moving forward.			S	M-H	
		Tennis		Three good quality macadam tennis courts. Tennis for Teddington are using the site.	Sustain quality through appropriate maintenance including the court and the battery powered gate system.				LTA		L	L	
					Mitigate any potential loss of provision with equal or better quantity and quality.						S	M-H	
37	Bushy Park Sports Club (formerly NPL Sports Club)	Cricket	Sports Club	Two standard quality squares, both with eight wickets and one with an accompanying NTP. Pitches are played to capacity at peak time by NPL CC.	Review quality issues in an attempt to improve quality to good.				ECB Club	Key Centre	L	L	Protect Provide Enhance
					Look to greater utilise NTP.	Club exploring enhancement to their non-turf net practice facility.					S	L	
					Explore the feasibility of investment into non-turf net practice facilities.								
		Football		Two adult, one youth 11v11, one youth 9v9, three mini 7v7 and one mini 5v5 pitch of good quality. The adult and mini pitches each have spare capacity, whereas the youth 11v11 pitch is overplayed by 2.5 match equivalent sessions. NPL FC is one promotion short of joining the football pyramid.	Sustain quality through appropriate maintenance.				FA Club	L	L		
					Alleviate overplay on youth 11v11 pitch through the transfer of demand to pitches with spare capacity.					S	L		
					Ensure ancillary facilities and playing provision is suitable for Step 7 football.					S	L-M		
		Bowls		One good quality green accessed by NPL Ladies Bowling Club.	Sustain green quality.				The NPL Ladies Bowling Club is no longer in operation.	Bowls England Club	L	L	
Tennis		Five grass courts and four artificial courts of good quality.	Sustain court quality.					LTA Club	L	L			
42	St Mary's Hampton CE Primary School	Football	School	One good poor quality mini 7v7 pitch which is unavailable for community use.	Sustain pitch quality and retain for school use (there is no community demand for this pitch type).				FA School				
										Local Site	L	L	Protect

Site ID	Site	Sport	Management	Current status	Recommended actions	Actions taken (Jun 2021)	Actions taken (Jan 2022)	Issues raised (Jun 21/ Jan 22)	Partners	Site hierarchy tier	Timescales ¹	Cost ²	Aim	
		Tennis		Two good quality macadam tennis courts which are unavailable.	Sustain court quality and retain for school use. The courts are now available for community use.				LTA School		L	L		
58	Teddington Lock Playing Fields	Cricket	University	One good quality and one standard quality grass cricket square, each hosting eight grass wickets. Spare capacity at peak time of 0.5 match equivalent sessions on each square.	Sustain good quality square through appropriate maintenance.				University ECB	Key Centre	L	L	Protect Enhance	
					Look to improve quality of the standard square through an enhanced maintenance regime.			S			L			
		Football		Three good quality adult pitches overplayed by one match equivalent session.	Sustain pitch quality through an appropriate maintenance regime.	The FF would also be interested in a 3G project if this is viable from a planning perspective and the facility would gain approval for floodlights.					FA University	L		L
					Alleviate overplay by the transfer of demand to sites with spare capacity.				S			L		
					AGP	One standard quality floodlit full size sand-based AGP predominantly used by NPL and Teddington Lock hockey clubs and St Mary's University. The pitch was installed in 2007.	Sustain quality and protect pitch as a hockey suitable surface.							England Hockey University
		Consider imminent resurfacing to protect quality and ensure a sinking fund is in place for sustainability.							S		M			
Rugby Union	One standard quality senior pitch that is overplayed by one match session. Used as off-site provision by St Mary's University teams as well as for training by Harlequin Amateur RFC.	Improve quality to alleviate overplay, or consider creation of a second pitch on site as part of the University's master planning.				University RFU	S	L / M						
59	Teddington Sports Centre	Sand AGP	Council	Two good quality full size sand-based AGPs one of which is floodlit. The floodlit pitch was refurbished in 2014 and the pitch without floodlights was installed in 2011. Pitches are used primarily by Teddington HC. The pitch without floodlights has limited availability, partly due to football demand and partly as a result of a lack of lighting.	Sustain quality and protect each pitch as a hockey suitable surface.	An application has been received for replacement flood lights for one pitch, new flood lights for the other pitch and extension to the hours of use until 9.30pm.	Both planning applications have been refused via a committee decision.		England Hockey	Key Centre	L	L	Protect Enhance	
					Ensure a sinking fund is in place for eventual refurbishment for both pitches.						M / L	H

					Should quality improve to a reasonable standard, revisit community use options.						M	L	

Appendix 1 – Extract of the Playing Pitch Strategy (pages 40-42)

The identification of sites is based on their strategic importance in a Borough-wide context i.e. they accommodate the majority of demand or the recommended action has the greatest impact on addressing shortfalls identified either on a sport by sport basis or across the Council area as a whole.

Table 6.1: Proposed tiered site criteria

Criteria	Hub sites	Key centres	Local sites
Site location	Strategically located in the Borough. Priority sites for NGBs.	Strategically located within the analysis area.	Serves the local community.
Site layout	Accommodates three or more grass pitches, including provision of an AGP.	Accommodates two or more grass pitches.	Accommodates one or more pitches.
Type of sport	Single or multi-sport provision. Could also operate as a central venue.	Single or multi-sport provision. Could also operate as a central venue.	Single or multi-sport provision.
Management	Management control remains within the local authority/other provider or with an appropriate lease arrangement through a committee or education owned.	Management control remains within the local authority/provider or with an appropriate club on a lease arrangement.	Management control remains within the local authority/provider or with an appropriate club on a lease arrangement.
Maintenance regime	Maintenance regime aligns with NGB guidelines.	Maintenance regime aligns with NGB guidelines.	Standard maintenance regime either by the club or in house maintenance contract.
Ancillary facilities	Good quality ancillary facility on site, with sufficient changing rooms and car parking to serve the number of pitches.	Good quality ancillary facility on site, with sufficient changing rooms and car parking to serve the number of pitches.	No changing room access on site or appropriate access to accommodate both senior and junior use concurrently (if required).

Hub sites are of strategic Borough-wide importance where users are willing to travel to access the range and high quality of facilities offered and are likely to be multi-sport. These have been identified on the basis of the impact that the site will have on addressing the issues identified in the assessment.

It may be appropriate to consider rationalization of some existing playing field sites (that are of low value i.e. one/two pitch sites with no changing provision) to generate investment towards creating bigger better quality sites in order to develop the hierarchy of sites. Identification of these potential sites should be carried out in partnership with the Steering Group and, in particular, the NGB for that particular sport.

Key centres although these sites are more community focused, some are still likely to service a wider analysis area (or slightly wider); however, there may be more of a focus on a specific sport i.e. a dedicated site.

Additionally, it is considered that some financial investment will be necessary to improve the ancillary facilities at both Hub sites and Key Centre sites to complement the pitches in terms of access, flexibility (i.e. single-sex changing if necessary), quality and that they meet the rules and regulations of local competitions.

Local sites refer to those sites offering minimal provision. They are generally hired to clubs for a season, or are sites which have been leased on a long-term basis. Primarily they are sites with one facility or a low number of facilities that service just one sport. The level of priority attached to them for Council-generated investment may be relatively low and consideration should be given, on a site-by-site basis, to the feasibility of a club taking a long-term lease on the site (if not already present), in order that external funding can be sought.

It is possible that sites could be included in this tier which are not currently hired or leased to a club, but have the potential to be leased to a suitable club. Such sites will require some level of investment, either to the outdoor sport facilities or ancillary facilities and it is anticipated that one of the conditions of offering a hire/lease is that the club would be in a position to source external funding to improve the provision. NGBs would expect the facility to be transferred in an adequate condition that the club can maintain. In the longer term, the Club should be in a position to source external funding to improve/extend the facilities.

Management and development

The following issues should be considered when undertaking sports related site development or enhancement:

- ◀ Financial viability.
- ◀ Security of tenure.
- ◀ Planning permission requirements and any foreseen difficulties in securing permission.
- ◀ Adequacy of existing finances to maintain existing sites.
- ◀ Business Plan/Masterplan – including financial package for creation of new provision where need has been identified.
- ◀ Analysis of the possibility of shared site management opportunities.
- ◀ The availability of opportunities to lease sites to external organisations.
- ◀ Options to assist community groups to gain funding to enhance existing provision.
- ◀ Negotiation with landowners to increase access to private hub sites.
- ◀ Football investment programme/3G pitches development with the FA.

Action plan columns

Partners

The column indicating partners refers to the main organisations that the Council would look to work with to support delivery of the actions. Given the extent of potential actions it is reasonable to assume that partners will not necessarily be able to support all of the actions identified but where the action is a priority and resource is available the partner will endeavour to provide support. The Council is considered to be a partner within each action so is therefore not referenced.

Site hierarchy tier

Although Hub Sites are mostly likely to have a **high** priority level as they have wide importance, high priority sites have been identified on the basis of the impact that the site will have on addressing the key issues identified in the assessment. Therefore, some Key Centres and local sites are also identified as having a high priority level. It is these projects/sites which should generally be addressed within the short term (1-2 years).

The majority of Key centres are a **medium** priority and have analysis area importance and have been identified on the basis of the impact that the site will have on addressing the issues identified in the assessment.

Low priority sites tend to be single pitch or single sport sites and often club or education sites with local specific importance but that may also contribute to addressing the issues identified in the assessment.

Costs

The strategic actions have also been ranked as low, medium or high based on cost. The brackets are:

(L) -Low - less than £50k; (M) -Medium - £50k-£250k; (H) -High £250k and above. These are based on Sport England's estimated facility costs which can be found at:

<https://www.sportengland.org/facilities-planning/design-and-cost-guidance/cost-guidance/>

Timescales

The action plan has been created to be delivered over a ten-year period. The information within the Assessment Report, Strategy and Action Plan will require updating as developments occur. The indicative timescales included relate to delivery times and are not priority based.

Timescales: (S) -Short (1-2 years); (M) - Medium (3-5 years); (L) - Long (6+ years).

Aim

Each action seeks to meet at least one of the three aims of the Strategy: **Enhance, Provide, Protect.**

Glossary

3G	Third Generation (artificial turf)
AGP	Artificial Grass Pitch
CC	Cricket Club
ECB	England and Wales Cricket Board
EH	England Hockey
FA	Football Association
FF	Football Foundation
KKP	Knight, Kavanagh and Page
