APPLICATION PROCESS AND PAYMENT STAGES

1. **INITIAL ENQUIRY:** Applicant to make an initial enquiry to hold an Event. Upon reviewing the initial enquiry, the Council will advise if the proposal is viable and if so, will direct the applicant to make an application.
 2. **APPLICATION STAGE:** Applicant to submit a completed application to the Events Service. Upon reviewing the application, the Council will write to confirm the application status i.e. '**Application Accepted**' or '**Application Declined**' and will provide a breakdown of the proposed fees in writing. Should the Applicant confirm that they wish to proceed, the '**Advance Payment**' will apply and may be invoiced '**Invoice 1**'.*
 3. **CONSULTATION (STANDARD):** The Events Service will carry out a standard consultation if required (new, large/major events, or others at the discretion of the Events Service). If there are no major objections or if the objections can be overcome through effective management, the Event will be given permission in principle to proceed. This may be conditional. Possible outcomes: '**Permission in Principle**' or '**Application Declined**'.
 4. **DETAILED CHECKS:** The Events Service will carry out more detailed checks of the application and supporting documents. Additional information will be requested as required. Parks and Open Spaces consent is independent of the consent of others, though feedback from 'Further Consultation' or 'Other Consents' may be taken into consideration. Once the Events Service is satisfied with the application content, the remainder of the fees will apply and will be invoiced '**Invoice 2**'.* Possible outcomes: '**Application Declined**' or see 5 below.
- *The 'Advance Payment' may be invoiced independently at stage 2 as 'Invoice 1', OR these charges shall be included in 'Invoice 2' which will be issued at stage 4.*
5. **APPROVAL:** Once all aspects of the application have been checked and are deemed to meet the Council's required standards AND the associated invoices have been paid, the Council will grant '**Approval**' for the Event to proceed.
