

Crane Park Nursery, Staines Road (Deployment 2)

The mobile was situated on the road at this location from August 2000 to October 2000. The PM10 threshold was exceeded on 7 days, the limit value of the other pollutants were not exceeded. The gap in the data is due to technical problems with the PM10 analyser.

**Nitrogen Dioxide (NO₂)
Hourly Mean
Limit 105ppb**

**PM10 Running 24 Hour Mean
Limit=50ug/m³**

**Carbon Monoxide (CO)
Running 8 Hour Mean
Limit=10ppm**
