

Local Plan Publication Consultation

From 9 June 2023 to 24 July 2023

RESPONSE FORM

The Council is inviting comments on the Publication version of the Local Plan.

The Local Plan sets out a 15-year strategic vision, objectives and the spatial strategy. The draft Plan includes place-based strategies covering the whole borough, along with accompanying site allocations, as well as the thematic planning policies that will guide future development in the borough. It will inform how growth will be accommodated across the borough. The draft Plan seeks to address future challenges including climate change, health, affordability and liveability.

This consultation is the final opportunity to comment on the Local Plan before it is submitted to the Secretary of State for independent 'examination in public'. At this stage in the planmaking process, in accordance with the national guidance, consultation responses should focus on whether the Local Plan has been developed in compliance with the relevant legal and procedural requirements, including the duty to cooperate, and with the 'soundness' of the Plan. Further detail on these concepts is provided in the accompanying guidance notes available on the website (via the link below).

The St Clare site development has not yet been passed by the Planning Committee.
It is wrong and unjustified to include this Appendix which goes against a very large number of local residents who feel the height of 5 storeys will not 'conserve or enhance' the area of Hampton Hill before it has gone through the proper process of approval.
St Clares is also currently a commercial site which at no point as commercial property would need to be at the excess of 5 storeys. Again without it going through the proper process of approval Appendix 3 is allowing it also to be classed as residential site prior to passing Planning Committee.
