Consultation Point	19 Increasing jobs and helping business to grow and bounceback following the pandemic ( <a href="#">View</a> )
Status	Submitted
Submission Type	Web
Version	0.1

### Legal Compliance, Soundness and Duty to Co-operate

Do you consider the Local Plan is:

**Legally Compliant**

**Sound**

**Complies with the Duty to Co-operate**

**Reason Consider Unsound**

Do you consider the Local Plan is unsound , because it is not:

### Details of reason(s) for representation

Please give details of why you consider the Local Plan is or is not legally compliant, unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to provide comments in support of the legal compliance and/or soundness of the Local Plan, or its compliance with the duty to co-operate, please use this box to set out your comments. *Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the response. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.*

Jobs should indeed be encouraged however in the right areas, Udney Park Road on the present site Bagnalls proposed buildings which would have added more accommodation and provided additional employment for 'services' the yard at the moment doesn't provide that much employment and is in a residential area. In 32 years of being a neighbour they have been good (although this morning we

were woken before 7AM by work in the yard). The council rejected the proposed building due to lack of employment when actually more would have been realised.

### **Participation at Examination**

Do you consider it necessary to participate in examination hearing session(s)?

If you are not on our consultation database and you respond to this consultation, your details will be added to the database. This allows us to contact you with updates on the progression of the Local Plan and other planning policy documents.

### Legal Compliance, Soundness and Duty to Co-operate

Do you consider the Local Plan is:

#### Legally Compliant

#### Sound

#### Complies with the Duty to Co-operate

#### Reason Consider Unsound

Do you consider the Local Plan is unsound , because it is not:

#### Details of reason(s) for representation

Please give details of why you consider the Local Plan is or is not legally compliant, unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to provide comments in support of the legal compliance and/or soundness of the Local Plan, or its compliance with the duty to co-operate, please use this box to set out your comments. *Please note your response should provide succinctly all the information, evidence and supporting information necessary to support / justify the response. After this stage, further submission will only be at the request of the Inspector, based on the matters and issues they identify for examination.*

The River and the surrounding area should be protected the borough relies on this area for wildlife, exercise, mental health. Do not let Thames Water destroy it.

Supporting our local shops is important as without them the area would not be so vibrant do not reduce parking spaces in the High street (Twickenham suffered badly when this was done).

Look at waste solutions for the flats as it becomes a festival of litter every Friday. Why are we not able to provide large wheelie bins for residents and recycling areas other cities do (Brighton - Wheelie bins) Lisbon (underground bins and recycling).  
Ensure that residents that leave their rubbish out on the road are not allowed to do so in plastic bags etc.

Mixed use development should be used more frequently so that areas are utilising the same things eg. A shop uses power to heat the area during the day, the area above is residential and that uses the heat during the evening. Maintenance is shared parking if essential has two uses.

Heat pumps are incredibly difficult in an area such as this in that there isn't the space to install it and the efficiency isn't validated yet. More encouragement for external and internal insulation, use of water butts for saving water/gardens (this should be compulsory), grey water usage on all new builds

This is critical as if we can encourage more exercise within these areas then health and long-term benefits are apparent. The number of people that have embraced wild swimming (Over a 1000 - Teddington Bluetits) is proof of those that many residents are embracing their local area in new ways

Heathrow stated that they have reduced their noise pollution since 2006 whereas due to flights being more frequent and flying at lower altitudes this is a blatant lie. The flights are being encouraged to fly over much closer flight paths in more defined routes which blight those under. Other airports have made it compulsory for airlines to use steeper take-offs (Brussels) or not allow late take offs (Sydney).
